Folder245ServerSuite and Folder245ServerSuite® Add-ons:

- Lab245® Folder245ServerSuite® is licensed for one server and enable document search and viewing for unlimited users and unlimited applications in the same server.
- The add-ons can be added to Folder245ServerSuite® server to apply new functionalities.

Funcionality	Enabled	# Users
Revision and Version control	✓	Unlimited
Check-in/out	✓	Unlimited
Search in fields	✓	Unlimited
Search full text	✓	Unlimited
Connection to another DB	✓	Unlimited
Graphics Reports	✓	Unlimited
User Audit Trail	✓	Unlimited
Metadata and Documents in one PDF File	ADD-ON	Unlimited
Batch Export in XML and PDF Files or in Stand Alone Media with Advanced Search Options	ADD-ON	Unlimited

Functionalities

- *Easy integration with other applications.*
 - *You can set up Folder245ServerSuite modules in order to access, in a safe and auditable fashion, other relational databases, exclusively through the application server. The security of the information is completely assured.*
 - *Since it uses Web technology, it is easy to integrate with other Web applications.*
- *Mobility*
 - *Lab245 is concerned about enabling its tools to be used in mobile devices. We have been developing applications for these devices (cell phones and, now, smartphones). We also offer SMS notifying applications.*
 - *Additionally, we create “desktop” software that exchanges information using Web protocol (HTTP). It allows emulating a corporate environment through an Internet connection.*

Example of an application: <http://www.lab245.com/myfolder245>

You can list corporate documents for approval or revision. These documents can be located in many department files across the company. This operation takes one click, in a fast and intuitive way.

The screenshot shows the 'my folder245' web application interface. The header includes the logo 'my folder245 by Lab245' and navigation buttons for 'my documents', 'my tasks', 'my check-outs', 'my drafts', 'all documents', and 'back to login page'. A search bar is located on the left with options for 'Exact', 'And', and 'Or'. Below the search bar is a 'Search' button. A sidebar on the left lists 'categories' such as 'Articles', 'Corporative', 'Invoices', 'Quality', and 'Templates'. The main content area displays 'templates: my drafts' for 'Thursday, January 31, 2008'. It shows 'Found 5 records.' and is attributed to 'Folder245'. The records are divided into two sections: 'Approved' and 'Pending approval'. Each section contains a table with columns for 'ID', 'Description', 'Type', 'Status', 'Author', 'Reviewer', and 'Modified'. The 'Approved' section lists three records, and the 'Pending approval' section lists two records.

The screenshot shows a document management system interface. At the top, there is a toolbar with 'Lab245 ToolBar' and 'Indexar Página'. Below the toolbar, there are navigation icons and a 'Página' dropdown. The main content area is divided into two sections: 'AUDITORIA' and 'COMERCIAL'. Each section contains a list of documents with checkboxes and icons for document actions. The 'AUDITORIA' section has two entries, and the 'COMERCIAL' section has two entries. The status bar at the bottom shows 'Concluído' and a zoom level of '100%'.

E-mail Archiving

Automatic configuration of E-mail reading.

E-mails are indexed as documents in any topic, and can be searched while grouped with other kinds of documents.

The screenshot shows the 'E-Mail Index' configuration window. It features several sections for setting up email retrieval:

- Email account:** A dropdown menu showing 'suporte@lab245.com'.
- Server:** A section containing:
 - POP3:** 'pop.lab245.com' and **Port:** '110'.
 - Login:** 'suporte'.
 - Password:** A field with masked characters (asterisks).
 - A checked checkbox below the password field.
- Topic Information:** A section containing:
 - Topic Name:** 'Golden'.
 - Fields:** A dropdown menu with 'Documento3' selected.
 - Another empty **Fields:** dropdown menu.
 - Temporary folder:** Two text boxes containing 'C:\Windows\Temp\' and 'C:\Arquivos de programas\Lab245\Softwares\Folder245'.
 - A spinner box set to '1' followed by the text 'Minutos'.
- Start/Stop:** Two buttons at the bottom right of the window.

Application Administration

Public information topics can be configured as free for searching and viewing.

Backup and Document Export

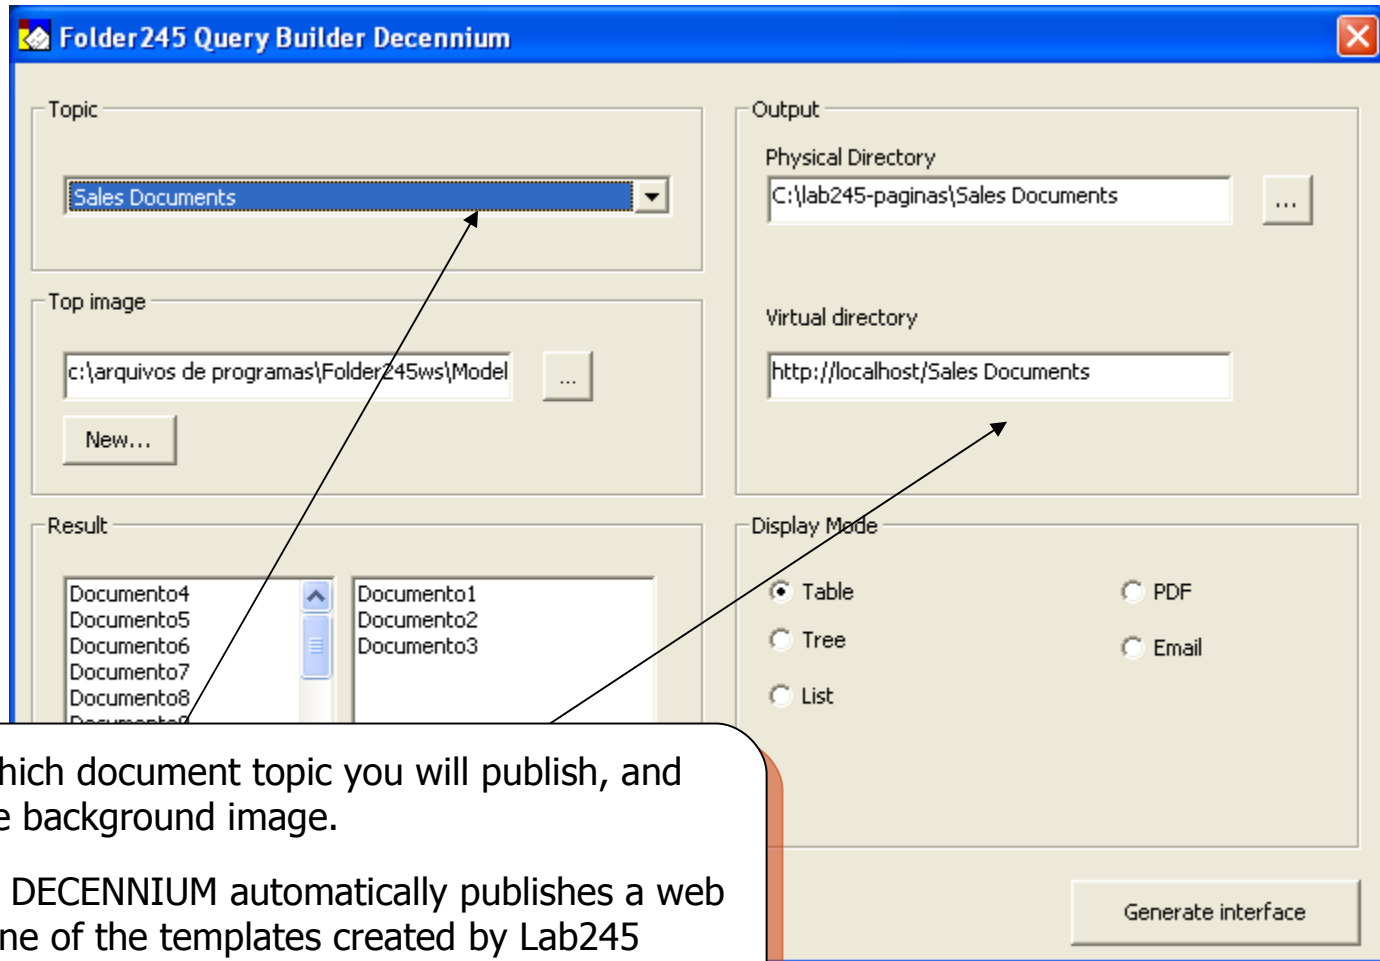

The base is built upon a Manager's topic and additional filters.

The screenshot displays the Folder 245 Plus software interface. On the left, a sidebar lists document categories: Título, Assunto, Veículo, Seção, Data de Publicação, Data de Indexação, Jornalista, Categoria, and Impacto. Below this is a thumbnail view of a document titled "Ator bate boca após acidente". The main area shows a table of documents with columns for Title, Subject, Vehicle, Section, Publication Date, and Indexing Date. A dialog box titled "Folder245CDCreator" is open on the right, showing settings for creating a CD/DVD. The dialog includes a "Topico" dropdown set to "financeiro", a "Documento" dropdown set to "Documento1 (Não definido)", and options for restrictions and ordering. The status bar at the bottom of the dialog reads "Folder245CDCreator - 1.0.40 - Pronto".

Folder245FileExporter creates a document base for searching, viewing and offline printing, and it can be saved in CD or DVD media.

Web Application Design

Just select which document topic you will publish, and choose a nice background image.

QueryBuilder DECENNIUM automatically publishes a web page using one of the templates created by Lab245 designers or using your own template.

*Object list and
property window*

*For advanced users,
Folder245 creates the best
web page using Folder245
tools.*

The screenshot displays the Folder245 QueryBuilder application. The main window, titled "Projeto", shows a form design area with a background image of a modern building interior. The form contains two radio buttons for "USA" (selected) and "Brazil", two text input fields labeled "Name" (Text4) and "Customer #" (Text5), and a "Search" button. To the left is a "Componentes" palette with various UI controls. Two "Propriedades" (Properties) windows are open. The "Propriedades" window on the right shows the properties for a selected "Label1" object, including its name, margins, type, value, text, size, and click/mask behaviors. The "Propriedades de Formulário" window in the foreground shows the "Lista de parâmetros" (Parameter List) for the form, with a table of parameters and their values.
